***Fields with \* are mandatory fields.*** For example, the language spoken at home is a mandatory field as is the email for a second parent/guardian. If there is no email, there is a 'Has no email' button to be checked.

If your child(ren) spends time between 2 households and one is in district and one is not, then the in-district household will need to be the primary household. This does not apply to tuition students.

If you do not have access to a computer to register, or if you need help, please feel free to contact either the elementary school or the high school at (859) 331-1220.
