

BEECHWOOD EDUCATIONAL FOUNDATION

The Beechwood Educational Foundation was established in 1984 to encourage, enhance, and reward academic excellence at Beechwood Schools. In the 39 years since its inception, the Foundation has funded programs, services and technology that allow Beechwood students to excel in the classroom and to experience learning outside the classroom.

The Beechwood Educational Foundation is a partner in the Board of Education's Capital Campaign for the new building and has committed to a gift of \$150,000 to furnish cutting edge equipment for the Media Innovation Design Lab.
